An Active Presence

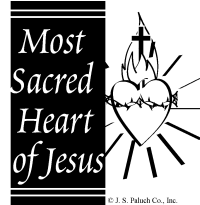

When in a cafeteria you sit at the same table with someone who is just sitting there without a word or sign of recognition, it is as if he or she is not present. People are present to one another when they interact. We believe in the real presence in the Eucharist. The Lord is there for us, speaking to us, loving us, giving himself to us, and that we respond to him. He makes us capable of becoming present to others the way he is there for us. Let us ask him for this living real presence.
